

## What's Hot

Lifestyle essentials and tempting treats

### FIGHT HEAD LICE

Made in Australia using Australian indigenous flora and certified organic ingredients including essential oils, **ECO.KID** is a certified organic personal care brand specially formulated for children aged three to 12 years of age. All formulations boast anti-bacterial, anti-viral, and anti-inflammatory properties and are free of silicones, sulphates, biocide preservatives, artificial fragrance and colouring. Their comprehensive biodegradable range includes everyday products - shampoo, conditioner, body wash and lotion - as well as more unique items like hair styling wax, bubble bath and anti-bug spray. Try the noteworthy Lice Bomb (\$32), which lives up to its name in getting rid of head lice and its eggs, using safe and natural ingredients. Created by a father, who is an environmentalist, hairdresser and a trichologist, you know you're in safe hands here.

### PAW PRINTS SERIES

Are you itching for a good story? Do your children love stories that can make them laugh, use their imagination and have mischievous characters that can create all kinds of problems? Then wait no more! **PAW PRINTS AND THE ITCHY SPOTS** (\$13.90) is hot off the press and is Australian expat Sarah Mounsey's latest addition to her *Paw Prints* series of books. In this story, Eddie is covered from top to toe in itchy, red spots! How did they get there and how will he make them disappear? With the help of his mischievous friend William and his loveable dog Oscar of course! Find out how this trio sniff their way out of another spot of bother in this humorous tale. Available in selected bookstores around Singapore.

### LOSE WEIGHT

Battle stubborn fat and say hello to the body you have always wanted, without surgery and downtime! **COOLSCULPTING** - an FDA-approved, non-surgical procedure - uses an advanced cooling technology to safely and effectively eliminate fat

in specific areas of the body without harming skin or other tissues. The procedure uses a targeted cooling process that kills the fat cells underneath the skin, literally freezing them to the point of elimination. Only fat cells are frozen. Your healthy skin cells remain healthy. No knives. No suction hoses. No needles. No scars. Each

*CoolSculpting* treatment takes only an hour - perfect to fit into your busy day. Say hello to the new you!
