

STORY BOX

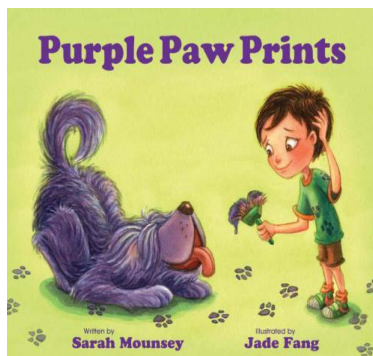

Story Box is a storytelling performance that tours to preschools to engage and provide children aged 3-6 years old with a multi-sensorial experience. Watch the characters come 'alive' while the storyteller tells the story!

Story Box aims to serve as a stimulus for children to explore and discuss issues that are relevant to themselves and the world that they are living in, as well as address self and/or social issue(s) that our young children are facing in their everyday lives.

Through Story Box...

1. Children will develop receptive and expressive vocabulary skills through the engagement of multi-sensory story-telling approach.
2. Children will build their personal knowledge and understanding through their active participation (audience, performer) during the programme.
3. Children will learn to take responsibility for their actions.

Featuring.... **Purple Paw Prints** by Sarah Mounsey

Do you know exactly what happens if a young boy decides to paint his dog purple? Eddie knew as soon as he finished painting Oscar that it was a big mistake! Join Eddie and Mia as they attempt to clean their lovable dog Oscar and along the way get into all sorts of wet and purple fun!

Painting your dog purple is definitely outrageous and requires some serious problem solving. Purple Paw Prints is sure to capture children's imaginations. Don't miss this fun and exciting adventure with Oscar, Eddie, Mia and friends!

About Sarah - Sarah Mounsey has always loved to write for children and has had a lot of fun writing the Paw Prints books. Purple Paw Prints was released in 2012 and Paw Prints on the Magic Sofa in 2013. The books have been awarded a bronze medal for best picture book series in the Moonbeam Children's Book Awards. Sarah grew up in Australia and has been in love with reading and writing for as long as she can remember. As a teacher and author Sarah tries to help young readers become lifelong lovers of literature. She now lives in Singapore with her husband and three sons and loves it when her boys ask for "just one more story," at bed time. She says her sons are certainly mischievous but is very grateful that none of her boys have ever painted a dog like Eddie does in Purple Paw Prints...at least not yet!

Story Box enhances the values of *Adventure, Exploration, Education* and *Quality of Life* for young people.
