

The Learning Connections (TLC) recently launched its newest initiative **Story Box**, an interactive storytelling performance that tours to preschools to engage children aged 3-6 years old through active participation and provide them with a multi-sensorial experience. Award winning author, Sarah Mounsey's **Purple Paw Prints** was brought to life through the creative direction of Candice de Rozario, TLC's Head of Educational Theatre, who is also a versatile award-winning stage performer.

**Purple Paw Prints** delighted, thrilled and engaged children (as well as parents) from Twinklekidz' Academy, EtonHouse Pre-school, St. Paul's Church Kindergarten and Cherie Hearts @ Changi Business Park as part of the schools' Children's Day celebration. Story Box will continue to tour to preschools till December 2014.
